About Us

Established with a Vision and Legacy

At Bansariglassnglaze, we bring over 50 years of expertise in the aluminium glass industry, redefining architectural excellence with every project. Specializing in aluminium glass solutions, we seamlessly blend functionality with aesthetic appeal to deliver exceptional results.

From durable glass doors and windows to sophisticated structural glazing and façades, we cater to diverse needs with unmatched precision and quality.

Our legacy is built on strong partnerships with builders, architects, and property developers, ensuring every project reflects superior craftsmanship and innovative designs.

Get Started

Our History

We Bansariglassnglaze began its journey in the early 1975 as a small retail business, providing quality aluminium glass products to local markets. With a vision to grow and expand, we steadily made our mark by undertaking larger and more ambitious projects. Over the years, our focus on innovation, craftsmanship, and customer satisfaction helped us build a strong foundation.

Our journey truly gained momentum when we started collaborating on prestigious projects like the Juhu Gymkhana in Mumbai, the Delhi Pyramid, Shivanta One in Ahmedabad, and SMS Hospital. We also had the privilege of working with leading names such as Shalby Hospital, Satyamev Group, Lubi Electrical, and Reliance Mart at the Iscon Mall, among many other notable ventures.

By 2001, our consistent growth, successful project deliveries, and commitment to excellence solidified our reputation in the industry, making us a trusted brand in the field of aluminium glass solutions. Today, with over 50 years of expertise, we continue to expand our reach, pushing the boundaries of innovation and quality.

Our Vision

At Bansariglassnglaze, our vision is to be the leading provider of innovative and sustainable aluminium glass solutions, transforming spaces with precision and elegance. We aim to expand our presence across India, building lasting relationships with builders, architects, and property developers while delivering exceptional products that redefine architectural standards.

We are committed to staying at the forefront of industry advancements, embracing new technologies, and continuously enhancing the quality and design of our services. Our vision is to inspire and create functional, aesthetic environments that meet the evolving needs of modern architecture.

Structural Glazing

Structural glazing uses large glass panels as load-bearing elements, eliminating the need for traditional frames. This creates sleek, transparent facades that enhance both the beauty and functionality of buildings. At Bansari Glass n Glaze, we specialize in high-quality structural glazing solutions, offering durability, energy efficiency, and design flexibility for commercial and residential projects.

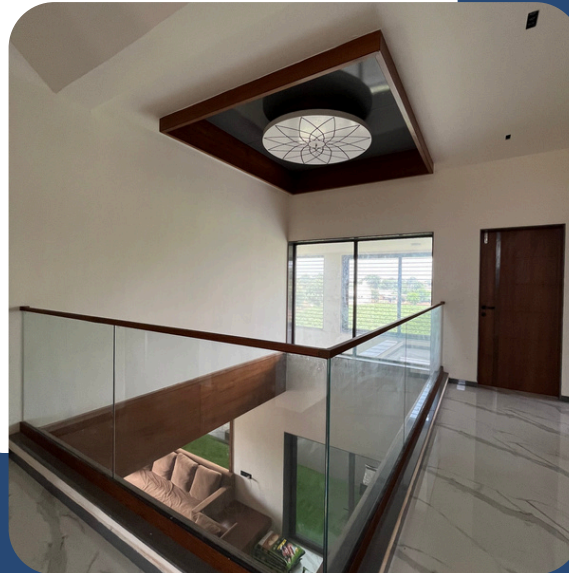

Aluminium Windows and doors

We provide all types of window series from low to high profile like Domail windows, R-40, R-50, Cardinal and etc...
